Inter-class separability under Diag-Cov Gaussian model
(a) Mean KL with [P10, P90] band
Pairwise KL divergence
Number of classes k
CIFAR-100
ImageNet-R
Caltech-256
(b) Minimum pairwise KL
Minimum pairwise KL divergence
KL=100
KL=50
Number of classes k
(c) Pairs with low KL (overlapping Gaussians)
Number of overlapping class pairs
KL < 50 (high overlap)
KL < 100 (moderate overlap)
Number of classes k
